

## Fachschaft 23.10.2023

### Topics:

1. Finances after WW
2. Autonomes Fachschaftsreferat
3. Information event for elective modules
4. Website
5. NeuroEvent for November
6. Graduation Party

### Finances after WW:

- 168.87€ spent for WW (without alcohol), two Fachschaftreferat-Sessions have to be attended to apply for refund, application already written by Javen (needs to be printed out)
- about the alcohol: divide cost by 7 (members of Fachschaft and Christine/Johanna) -> 8.50€
- give Steffi her money back to exclude her expenses from our calculation
- cost without alcohol: 25€ per person (7 people), if refunding is not possible
- alternative: apply for funding

### Autonomes Fachschaftsreferat:

- FID sessions take place every Monday at 7 pm, are supposed to be attended
- go there as biggest group possible (3 German-speaking members) to ask for refund for WW expenses and see how it goes**
- funding for a final trip possible? (Javen)
- funding for graduation party? (Uran)

### Info event for elective modules:

- academic calendar not updated yet
- event should take place in November
- Lukas's suggestion: assign seniors to specific electives, 5-10 min presentation with guideline
- problem: different people have different opinions on electives -> how to represent?
- idea: have a representative for each modul, but all others have to cross-check the presentation and can add their opinion**
- max. 5 min per elective presentation
- make whole event mandatory
- make a poll soon to find a date where most of the seniors are available
- have a pros/cons slide
- have meeting online

### Website:

- include things that are Fachschaft-specific, e.g. experience reports, events, "How-Tos", Impressum, Fachschaft members with roles, list of library, a gallery, career advice, ...
- get a new logo (already running)

- additoonal to website: Fachschaft inventory (-> Uran and Amael)

#### NeuroEvent for November:

- suggestion: NeuroDinner, Thanksgiving-Dinner (or similar)
- have November event early to have an early December event
- bring traditional food on Christmas (maybe with Glühwein)
- have traditional NeuroDinner in November, book 2 w in advance
- restaurant suggestions: Café Von&Zu, Tuscolo's
- date set for NeuroDinner to 17.11.2023
- check location for this Friday's dinner, then check restaurant for NeuroDinner

#### Graduation Party:

- have own sweaters
- to be discussed next time
